

TILBURG UNIVERSITY  
CentER and Department of Econometrics & OR

Applications are invited for a

Ph.D. student (AiO) position in mathematical statistics.

The research area is semiparametric statistics including, in particular, discrete and/or positive time series, quantile regression in time series, threshold regression and/or limit experiments.

The position is for three years. Apart from conducting research that leads to a Ph.D. thesis and publications, the successful candidate will teach for a limited part of the time. She/he will be appointed at CentER, the research institute of the Faculty of Economics and Business Administration of Tilburg University; see [www.center.nl](http://www.center.nl), where you find links to the Department, Faculty and University as well.

Required is education at the M.Phil. level or equivalent, meaning five years of relevant university education directed towards a research career.

More information can be obtained from prof.dr. B.J.M. Werker,  
email: [Werker@TilburgUniversity.nl](mailto:Werker@TilburgUniversity.nl), phone: 013-4662532.

Applications including a curriculum vitae, copies of some written work, and a research proposal, should be sent to him not later than January 1, 2009, at the address:
